Environmental Vulnerability Index (EVI) and access to improved water - South East Asia
Bhutan
Bangladesh
Myanmar
Laos
Cambodia
Vietnam
Philippines
Northern Mariana
Guam
Palau
Indonesia
Papua New Guinea
Timor-Leste
Legend
Access to improved water 2008
Pie scale indicates population
18,000,000
With access
Without access
Environmental vulnerability
No data
EVI Status
Resilient
At risk
Vulnerable
Highly vulnerable
Extremely vulnerable
